

DEFENDER
Pre-Filter
HWF-4916X
SKU-112231

Whole House Filtration

Home and System Physical Contaminant Protection

This affordable Pre-Filter will “Defend” the carbon cartridges and your whole plumbing system from large physical contaminants entering your home. It also ensures the capabilities of your overall filter system.

10 Micron Pre-Filter

Reduces larger particulates, contaminants to protect the carbon cartridges. The Defender capacity is 150,000 gallons. Consider replacing every 6-12 months.*

15 Gallons Per Minute Flow Rate

High flow rate ensures excellent water pressure in the home.

Easy Change out

Takes less than five minutes to change out and keep your system working properly.

NSF Capacity Certification

Certified by nsf.org for physical reduction for up to 150,000 gallons. Designed for municipal water use only.*

Does Not Waste Water

Does Not Use Electricity

Mounts on the wall, saves space

No Head Programming

100% Recyclable

**Under normal water conditions.
For use on municipal water only.
This cartridge is not recommended
for wells.*
