Whole House Filtration

SAFER Water For Your Family, SAFER Water For Your Home

Affordable Chlorine Reduction

10 Micron "Defender" Pre-Filter

Reduces larger particulates, contaminants to protect the carbon cartridges. The Defender capacity is 150,000 gallons. Consider replacing every 6-12 months..*

Two 5.0 Micron Coconut Shell Catalytic Carbon Block Filters

Reduces organics, smaller particulates, and contaminants (including chlorine) that harm plumbing and make drinking water smell and taste bad.

Polyphosphates - A Hard Water Solution

Food-grade, FDA-approved polyphosphates treats and sequesters hard water minerals and protects plumbing from limescale formation and corrosion.

NSF Capacity Certification

Certified by nsf.org for chemical reduction for up to 530,000 gallons (dual system). Designed for municipal water use only.*

Does Not Waste Water

Does Not Use Electricity

Mounts on the wall, saves space

No Head Programming

100% Recyclable

**Under normal water conditions.
