SAFER Water For Your Family, SAFER Water For Your Home

Chlorine and Chloramine Reduction

10 Micron "Defender" Filter

Protects system against large particulates, sediments, and turbidity.

Coconut Shell Catalytic Carbon Block Filter

Reduces organics, smaller particulates, and contaminants (including chlorine and chloramines) that harm plumbing and make drinking water smell and taste bad.

Sub-Micron (0.2) Filter

Reduces 99.95% of microbial cyst (such as cryptosporidium, toxoplasma, giardia and entamoeba) that are resistant to public water disinfection and could cause health issues.

Polyphosphates - A Hard Water Solution

Food-grade, FDA-approved polyphosphates treats and sequesters hard water minerals and protects plumbing from limescale formation and corrosion.

NSF Certified For Cyst Reduction

Honest Water Filters are one of the only whole-house systems certified by nsf.org for cyst reduction.

NSF Capacity Certification

Honest Water Filters are certified by nsf.org to effectively treat up to 120,000 gallons (dual system).*

**Under normal water conditions*

Does Not Waste Water

Does Not Use Electricity

Mounts on the wall, saves space

No Head Programming

100% Recyclable

Most Effective For Chloramine Reduction

MADE IN USA
