

## Better Water For Your Family Better Water For Your Home

### Premium Filtration System Reduces Organics, Chlorine, Chloramines, Cyst and Particulates in Drinking Water

This is simply the best system on the market. Each cartridge packs a high-quality coconut shell catalytic block carbon filter that reduces organics, chlorine, chloramines and particulates that makes drinking water smell and taste bad. Sub-micron (0.2) reduces 99.95% of microbial cyst bacteria like toxoplasma, cryptosporidium, giardia and entamoeba that are resistant to public water disinfection and could cause issues with your health.

### Polyphosphates A Hard Water Solution And Scale Inhibitor

Food-Grade, FDA-Approved Polyphosphates treat and sequester hard water minerals and protects your plumbing from limescale formation and corrosion thus preventing pinhole leaks and other costly plumbing issues. Treats 120,000 total gallons per two cartridge system.

### Pinhole Leak Protection
