

Proudly Installs Whole-House Honest Water Filter Water Treatment Systems

DIAMOND SILVER

The Ultimate in Home Water Filtration Systems

The Honest Water Filter Company is proud to introduce the Diamond Silver "Ultra Filter" whole-house water filtration, a patented design by Aquamor Water Technologies.

- 💧 **Sub-micron (0.015) ultra-filter:** 99.99% four log reduction of any solid objects suspended in water will be removed by the filter as long as the objects are larger than 0.015 in size.
- 💧 **Self-cleaning cycles:** Ensures the safest, cleanest water coming into your home
- 💧 **Low operating cost and waste:** The Diamond Silver Ultra Filter uses very little water and electricity
- 💧 **Post filters:** Add NSF certified post filters to treat chemicals and hardness
- 💧 **Treats up to 1,000,000 gallons:** Certified by NSF.org under normal municipal water conditions

Shown with Silver (HWF-4925PHC) Post Filters for chemical removal/reduction and Hard Water Solution for up to 530,000 gallons combined capacity

5-Year unconditional warranty
On municipally treated water

SILVER

AFFORDABLE Water Treatment For Family & Home

- 💧 **5.0 Micron Filtration:** Prevents large contaminants from getting into your system
- 💧 **Coconut shell catalytic carbon:** Removes/reduces 99.95% of chlorine (used to disinfect water) which makes water smell and taste bad and can ruin plumbing
- 💧 **Polyphosphates:** Food-grade, FDA-approved polyphosphates are a natural mineral that treats and sequesters hard water minerals in water and protects plumbing from limescale formation and corrosion
- 💧 **Treats up to 530,000 gallons:** Combined capacities certified by NSF.org under normal water conditions

Tested and Certified by NSF International against NSF/ANSI Standard 42 for the reduction of chlorine taste and odor. Visit: www.nsf.org/certified-products-systems

TITANIUM

SAFER Water Right Out Of The Kitchen Faucet

- 💧 **Coconut shell catalytic carbon:** Removes/reduces 99.95% of chlorine (used to disinfect water) which makes water smell and taste bad
- 💧 **Sub-micron (0.2) carbon block:** Removes/reduces 99.95% of cysts bacteria (like cryptosporidium, toxoplasma, entamoeba, giardia) that may exist in municipal water
- 💧 **Connects to the Kitchen Faucet (Flow rate 3.0 gpm):** Eliminates the need for a separate glass filling faucet
- 💧 **Treats up to 50,000 gallons HWF 2423X):** Certified by NSF.org

Tested and Certified by NSF International against NSF/ANSI Standard 42 and 53 for the reduction of cyst, chlorine taste and odor. Visit: www.nsf.org/certified-products-systems
