

What Contaminants Can Your Filter Remove?

The Honest Water Filters are the best way to ensure you and your family are drinking, cooking, bathing and cleaning in safer, healthier water. Our water filters can filter down to 0.015 microns, thus reducing 99.95% of bacteria, viruses, cyst and a host of other contaminants! Why not get the BEST whole house system available today?

The 3 Elements Of Municipal Water

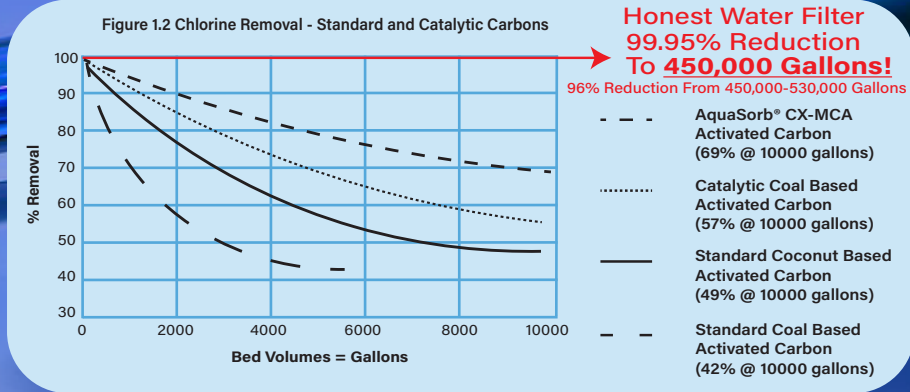

So What's a Micron?

Skeptical? We get that. That's why we let a competitor's chart show you how loose granulated carbon falls off in effectiveness almost immediately!

How does Honest Water Filter's block-carbon filter stack up to the competition?

Judge for yourself!

We Have The GREENEST Systems On The Market!

Cartridges are 100% Recyclable
