

Better Water For Your Family Better Water For Your Home

Reduces Organics, Chlorine and Particulates in Drinking Water - High Capacity Cartridges Last Up To 3 Years!

If you are looking for high-quality whole house water treatment at an affordable price, then our high capacity double cartridge system is for you.

- 10 Micron "Defender" filter protects system against large particulates, sediments and turbidity.
- Finest coconut shell catalytic carbon block filter reduces organics, smaller particulates, contaminants and chlorine that make drinking water smell and taste bad.
- Sub-micron (0.2) filter reduces 99.95% of microbial cyst bacteria like cryptosporidium, toxoplasma, giardia and entamoeba that are increasingly resistant to public water disinfection and could cause health issues.
- Polyphosphates add a hard water solution and scale inhibitor. Food-grad, FDA-approved, polyphosphates treat and sequester hard water minerals and protects your plumbing from limescale and corrosion.
- NSF rated to treat 530,000 gallons (dual system).

- Does Not Waste Water
- Does Not Use Electricity
- Mounts on the wall to save space
- 100% Recyclable

Tested and Certified by NSF International against NSF/ANSI Standard 42 and 53 for the reduction of Cyst, Chlorine taste and odor. Visit: www.nsf.org/certified-products-systems
